

skala 1:100

Technical drawing of a hexagonal structure, likely a cross-section of a pipe or a similar component. The drawing shows a central hexagonal core with a diameter of 121 mm, surrounded by a thick wall. The outer diameter is 500 mm. The wall thickness is 156 mm. The drawing includes dimensions for the hexagonal shape, such as 250 mm for the side length of the outer hexagon and 119 mm for the side length of the inner hexagon. The drawing also shows a cross-section of the wall with a core of 140 mm diameter and a wall thickness of 156 mm. The drawing is labeled with 'slup Ø20' at the corners and 'A' at the bottom. The drawing is oriented with a vertical centerline and a horizontal centerline. The drawing is a technical drawing of a hexagonal structure, likely a cross-section of a pipe or a similar component. The drawing shows a central hexagonal core with a diameter of 121 mm, surrounded by a thick wall. The outer diameter is 500 mm. The wall thickness is 156 mm.
